VOLUME TWENTY-ONE HOME EDITION ARDMORE, OKLA., MONDAY, APRIL 12, 1915. 4:00 P. M. NUMBER 160.

INVASION OF HUNGARY ALREADY BEGUN BY THE RUSSIAN TROOPS

RUSSIANS ARE ADVANCING SUCCESSFULLY ALONG A WIDE FRONT BETWEEN BARTFELD AND USSOK, DESCENDING ALONG THE SOUTHERN SLOPES OF MOUNTAINS.

Russians Claim to Have Routed Austrians in Dukla Region, Forcing Austrians to Abandon Stores and Transports—Petrograd Says Germans Are Apparently Not Strengthening Lines in Carpathians and it is Believed German Troops are Being Concentrated in Some Part of Poland—Berlin Reports Sunday as a Day of Comparative Quiet—Germans Claim to Have Captured Thirteen Hundred Russians in Advance East of Marienpol—Attempted Mass Meetings in Italy Sunday Resulted in Many Arrests by the Police, who Guarded the Austrian and German Embassies—British Ship Wayfarer Torpedoed and Sunk by German Submarine.

London April 12.—Russian sources report the invasion of Hungary has begun with the Russians advancing successfully along a wide front between Bartfeld and Uzsook, descending along the southern slopes of the Carpathians and pressing the Austrians back.

In the Dukla region, the Russians claim to have routed the Austrians, forcing them to abandon their stores and transports.

Petrograd asserts that there are no signs that the Germans have sent further reinforcements to the Carpathians, although the German forces in northern Poland have been weakened. Russian officers believe that the Germans are sending troops from North Poland to some other part of Poland.

Captured Russians Sunday. Berlin, April 12.—An Official statement says:

Sunday was comparatively quiet. The French attacks were repulsed in Argonne, in Ailly forest and in Le Pretre forest. French prisoners say that the cathedral of Notre Dame, the Louver, and Hotel des Invalides in Paris are being used for military purposes, being equipped with machine guns, searchlights and wireless apparatus.

The German advance to the east of Marienpol captured thirteen hundred Russians.

German Attacks Repulsed. Paris, April 12.—It is officially announced that the French repulsed two violent German counter attacks in the forest of LaPretre.

British Ship Torpedoed. London, April 12.—The British steamer Wayfarer was torpedoed and sunk by a German submarine. Her displacement was 6,000 tons. She left Galveston January 27, for Liverpool.

Later the owners of the Wayfarer announced that she was struck by a torpedo, but is being towed into Queenstown. They are not aware of any casualties aboard.

Many Arrests in Italy. Rome, April 12.—The attempted mass meetings for and against war caused many arrests throughout Italy yesterday, while troops guarded the Austrian and German embassies.

Russians Continue Progress. London, April 12.—The French offensive in the Woevre, which, according to official reports from Paris, continues to make progress, although the German reiterate that all the French attacks have been repulsed, it is believed, is only the prelude to a big general effort in the west.

With the two general staffs in direct conflict, it is difficult to gauge the results of the fighting. Military experts here, however, express the conviction that the Germans will be

Firing Off Scarborough. London, April 12.—Heavy firing was reported off Scarborough today. There

WEATHER FORECAST New Orleans, La., April 12.—The weather forecast for Oklahoma for tonight and Tuesday is fair.

COMMENDS SECRETARY. State Examiner Parkinson Makes Report to Governor.

Oklahoma City, April 11.—A report on the condition and operation of the office of secretary of state from April 1, 1912, to Jan. 1, 1915, has been made by State Examiner and Inspector Parkinson to Governor Williams. The period covered was during the latter part of the incumbency of Ben F. Harrison as secretary of state. It shows the greatest attention to detail by the recent secretary and points out that he collected interest from the state on daily balances of state funds under his control to the amount of over \$500 and turned the sum into the state treasury. Inasmuch as the law does not require this to be done for the fractions of periods between deposits with the state treasurer, it was considered worthy of commendation.

The amount of fees earned by the secretary of state during the period covered was \$131,519.49, which shows that the office is a good producer of revenue for the state.

MANY NEW BUNGALOWS TO BE BUILT

BUILDING ACTIVITY IN THIS CITY WAS NEVER GREATER THAN AT PRESENT TIME — NEW HOMES GOING UP.

Building was never more active in the city than at the present time. Many new homes are being erected all over the city and contractors are all busy.

It is reported that south C street is the scene of especial activity. G. A. Ramsey will erect a modern home on his lot, corner of C street and First avenue. W. A. Easley is to erect a house on his lot south of the Griffin home, and W. B. Johnson is reported to build on his lot on Third and C street, southwest. C street southwest has long been recognized as one of the prettiest homes and the addition of the above named buildings will add to its attractiveness.

In other parts of the city, where building is being done, the general idea has been carried out to erect modern, attractive residences, and within the past year, it is safe to assert, more homes have been built in Ardmore than in any other city in southern Oklahoma.

WARSHIPS ARE ORDERED TO SAN DOMINGO

REPORTS OF NEW REVOLUTION CAUSES UNITED STATES AUTHORITIES TO SEND WARSHIPS TO SANTO DOMINGO.

Washington, April 12.—On official reports of a new revolution in the Dominican republic, the cruiser Des Moines was ordered from Progreso, Mexico, to Santo Domingo. The gunboat Nashville is already off Santo Domingo.

Suspect Arrested.

Oklahoma City, April 11.—Charles Johnson, alleged to be a member of the Henry Starr gang of bandits, was arrested today at Pawhuska by Deputy Sheriff Frisby and has been taken to jail at Chandler. Johnson is 40 years old and lives near Okemah. The arrest was made on evidence furnished by William Tilghman, who says he knows the name of every man in the raid on the Stroud bank two weeks ago. There are two of the bandits still at large.

GERMAN SEA RAIDER SLIPS INTO PORT

THE CONVERTED CRUISER KRON PRINZ WILHELM MAKES DASH THROUGH WATCHING ENEMY—REACHES NEWPORT NEWS.

Newport News, Va., April 12.—The German raider Kron Prinz Wilhelm was chased by a British warship even after midnight Saturday, before she entered here early Sunday morning, according to British prisoners who were released today.

One of the prisoners declared that the Prinz Eitel, which is interned here, had used her wireless to supply the Wilhelm with information. Many of the Wilhelm's sailors told of narrow escapes during her long cruise.

Newport News, Va., April 11.—The German converted cruiser Kron Prinz Wilhelm, another raider of commerce in the south seas, slipped into this port Sunday and asked for fuel and provisions. Many times reported destroyed, the former North German Lloyd liner evaded hostile warships for eight months while she sent five merchantmen to the bottom, and her officers said she was forced to steal her way past four French and British cruisers off the Virginia capes in order to reach this refuge.

"We got in without being seen by the enemy, and we can get out the same way," declared her commander, Lieutenant Captain Paul Thierfelder, formerly navigating officer of the German cruiser Karlsruhe, in a statement Sunday night.

When she dropped anchor, the Kron Prinz Wilhelm had less than twenty-five tons of coal and scanty provisions for the crew of 500, and sixty-one prisoners from British merchant ships sunk in the South Atlantic. Of the fifteen ships that the drab painted 15,000 ton cruiser sank, twelve were British, two French and one Norwegian. The value of these ships and cargoes, officers of the Wilhelm Sunday night estimated at \$7,000,000.

Following in the wake of the interned Prinz Eitel Friedrich, which arrived here a month ago Saturday after similar thrilling and effective operations for German arms, the Kron Prinz Wilhelm came dashing through the lane of enemy warships which had hovered off these shores for weeks before the Eitel was interned.

SIX YEARS FOR THE MAYOR OF TERRE HAUTE

SENTENCE PASSED BY FEDERAL JUDGE TODAY ON MAYOR ROBERTS OF TERRE HAUTE, ONE OF MEN CONVICTED.

Indianapolis, Ind., April 12.—Mayor Don M. Roberts, of Terre Haute, one of the twenty-seven men convicted in the federal court of conspiracy in the Terre Haute election last November, was today sentenced to six years in the Leavenworth federal penitentiary and fined two thousand dollars.

Eli Redman, who was elected judge of Vigo county, and Sheriff Dennis Shea, were sentenced to five years and fined one thousand dollars each. Four other city and county officials were given three years and fined five hundred dollars. Five others were given two years and fined five hundred. Eight received sentences of one year and a day and fined one hundred dollars.

Chief of Police Holler, who pleaded guilty, received one year and a day and fined one dollar. The other defendants received smaller fines and imprisonments.

The Want Ads Pay.

TRANSPORTS TO BE SENT

Secretary Bryan Says Navy Transports Will be Used

Washington, D. C., April 12.—Secretary Bryan asked the navy department today for transports to bring home Americans desiring to leave Tampico. Some three hundred have already requested to come home. Carranza has said that he cannot agree to neutralize Mexico City.

Firing at Matamoros Today

Brownsville, Texas, April 12.—There was much firing early today on Matamoros, but no casualties have been reported.

Child Found Dead in Street.

San Antonio, Tex., April 11.—The lifeless body of Eddie Belle Coggeshall, 2 years old, daughter of Mr. and Mrs. James E. Coggeshall of San Antonio, was found in the street in front of her home this morning. Apparently she had been run over by a vehicle and died from internal injuries. No one has been found who witnessed the accident.

FARM WORK FAR ADVANCED IN THIS CO.

NEARLY ALL CORN PLANTED, WITH THE EXCEPTION OF BOTTOMS — KAFIR AND FETERITA TO BE PLANTED.

Nearly all corn has been planted in this county, with the exception of the bottom lands, and between now and the time for planting cotton, a large acreage of kafir, feterita and ensilage crops will be planted.

Secretary West of the Chamber of Commerce stated this morning that farm work is well advanced, when the weather conditions, which have prevailed here this spring, are taken into consideration, and that cotton seed will be in the ground about the usual time. The cotton acreage in this county will be reduced, according to statements of the best planters, from 20 to 25 per cent. In its stead more crops will be planted and more attention will be paid to raising hogs for home consumption. The hog question in this county is being urged by the better class of land owners, and many are giving their tenants assistance in securing brood sows. The question of provisioning the tenant farmer has been one that has caused considerable study here, and the owners are urging them to raise their own meat, raise poultry for home consumption and the market, plant a vegetable garden and keep out of the grocery store as far as possible. This idea is gradually becoming more independent every year and are also gradually becoming land owners themselves.

Diversification is growing in this section of the state. Property owners are gradually learning not to depend upon one crop, and as this plan is followed out, success attends the effort. This season is going to see a vastly increased acreage in peanuts in this county, and the Truck Growers' association has already made preparations for a large acreage, in watermelons which can be shipped profitably.

AMERICAN STEAMER DISABLED

The Minnesota, Plying Between Seattle and Japan, Struck Rock

Kobe, Japan, April 12.—The American steamer, Minnesota, plying between Japanese ports and Seattle, struck a rock last night near the entrance to an inland sea. A wireless said that another steamer took off her mail and passengers. The Minnesota will probably be floated.

Railroad Employee Killed.

Muskogee, Okla., April 11.—J. K. Martin, a Missouri, Kansas & Texas railroad employe, was ground to death Saturday beneath the wheels of a switch engine. The accident occurred at a street crossing. Martin's body was wrapped almost around the axle of the engine.

GOOD COOKERY TEACHER COMES TO ARDMORE

WILL CONDUCT SIX BETTER FOODS BETTER HOMES SESSIONS IN ROBISON OPERA HOUSE.

Florence M. Peet, the world famous cookery teacher and domestic science exponent, has been engaged by The Ardmoreite to conduct a series of six Better Foods

Better Homes sessions in Robison Opera House the week beginning April 19. At these sessions she will present the food situation in a practical manner, interesting to every class of housekeeper and cook, experienced and inexperienced, trained and untrained, professional and amateur. She will give six lessons that will show what a definite cookery knowledge can accomplish on small means and without the expenditure of undue strength and time. Miss Peet is not only a lecturer of unusual ability and a cookery teacher whose work has pleased thousands of women in this country and abroad, but she is a plain, old-fashioned, experienced housekeeper. She understands every phase of housekeeping and will discuss these for the benefit of Ardmore housewives in a helpful manner.

Judging from Miss Peet's popularity in other cities it is estimated that very large crowds of Ardmore housewives will be on hand to hear her every day next week and for this reason a large and centrally located hall has been secured. The sessions of The Ardmoreite Home Economics School will be held in Robison Opera House. Every woman in Carter county should avail themselves of this opportunity to hear one of the best food experts in the country tell how and what to buy and the best and easiest methods of food preparation.

The Robison Opera House has been engaged, and Miss Peet is arranging a program of six interesting lectures and cookery demonstrations intended to appeal to every class of housekeeper and cook in Ardmore. She will give one of these cookery lessons each afternoon of the week beginning Monday, April 19, and will probably arrange for one evening lecture for the benefit of Ardmore men and any women who cannot attend the afternoon sessions. This course of lectures is to be known as The Ardmoreite Free Home Economics. As its name signifies the lectures are to be entirely free to every woman interested in Better Foods and Better Homes.

NEW ROAD RAPIDLY NEARING COMPLETION

FUNDATION NEARLY ALL DONE AND GRAVEL WILL BE PUT ON THIS WEEK. IS TO BE A MODEL FOR OTHERS TO FOLLOW.

The two miles of granite gravel and oil road being constructed from the city limits toward the Chickasaw Lake under the direction of the state highway department, is rapidly nearing completion, and if nothing unforeseen happens to prevent, the road should be finished the coming week. The work has been a revelation in road building to all who have inspected it and shows what can be done in the matter of building highways when done along scientific lines. The subscribers and the county who is furnishing a part of the money, are getting their money's worth and the road, when finished will be a model for others to copy after. A movement is now on foot to continue the work from the lake to the county limits as soon as the present task is completed.
